The Documentation for the New Trend Pen Functionality is Incorrect for Historical Data

All Tech Notes, Tech Alerts and KBCD documents and software are provided "as is" without warranty of any kind. See the [Terms of Use](#) for more information.

Topic#: 002890

Created: June 2014

Introduction

The documentation for the new Trend Pen functionality introduced with ArcestrA Graphics in InTouch 2014 (11.0) (**Creating and Managing ArcestrA Graphics User's Guide**) on page 394 step #6 incorrectly states that it can be used to display data from InTouch tags recorded at the Wonderware Historian.

However, a Trend Pen can be configured to use an InTouch tag as a reference, but only to present real time data, not historical data.

Application Versions

- InTouch 2014 (11.0)
- Windows 7
- Windows Server 2008
- Windows Server 2008 R2
- Windows Server 2012

Action

The documentation will be corrected in InTouch 2014 R2 to properly reflect actual supported use.

This issue is reported in **CR L00131084**.

B. Shah
